

CAMPUS

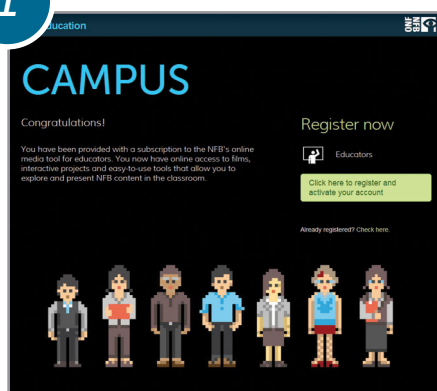

QUICK START SHEET

THE ONLINE MEDIA SOLUTION FOR TODAY'S CLASSROOM

Congratulations! You have been provided with a subscription to the NFB's online media tool for educators. You now have online access to films, interactive projects and easy-to-use tools that allow you to explore and present NFB content in the classroom.

HERE IS HOW TO GET STARTED IN 3 EASY STEPS...

1

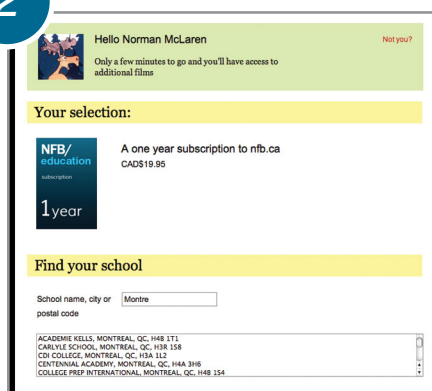

Create your own password-protected profile*

Go to: nfb.ca/campus/go

Click on the green register button. This is where individual subscribers buy the service, but you can ignore billing references as the subscription has been purchased for you. Enter your name, username and password. Click on **CREATE YOUR PROFILE**.

* If you already have an NFB profile, just click on **ALREADY A MEMBER?** Log in and continue to the next screen.

2

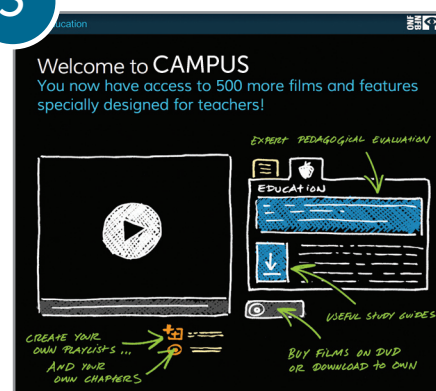

Register to CAMPUS

Enter your school's name or postal code in the field provided. Find your institution's name on the list, select it and click on **CONTINUE**.

You now have full access to all NFB.ca features, including those that are unavailable to unregistered users.

This includes more than 500 top educational films, educational resources like teaching guides and tools that allow you to create your own clips and playlists.

3

Click on the link to the WELCOME PAGE.

Here, you'll find out how to access all our educational resources and use great new features for playback in the classroom.

From now on, you can log in to your account any time you wish.

Just click on **ACCESS YOUR PERSONAL HOMEPAGE**, a link available on any NFB.ca page.

Enjoy!

Let us know what you think of **CAMPUS**

We are working very hard to provide educators and students with the best educational video platform in Canada and we'd love to receive your feedback. Write to webmaster@nfb.ca.
