Message from Chief Tom McKenzie

In 2012 the dedication of all of our members helped the Service succeed in achieving our mission of providing safe communities. Local crime solve rates were higher than the national average, statistical data shows reductions in a variety of crime types and we forged ahead with a number of projects and initiatives in spite of financial challenges and budgetary limitations.

Each of our divisions worked hard to do more with less and their determination and perseverance resulted in the creation of a Forensic Computer Examiner position and Quality of Life Officer program, the advancement of multiple start times to strengthen our street presence, an added support shift to manage higher call volumes during peak times, a pilot project to reduce data entry for frontline officers enabling them to spend more time on the street and a partnership with Accident Support Services International that saw the first dedicated Collision Reporting Centre open in Alberta.

In addition, the Criminal Investigation Division was restructured to accommodate the integration of LRPS and RCMP members to form the Alberta Law Enforcement Response Team (ALERT) Combined Forces Special Enforcement Unit (CFSEU) to target organized and serious crime groups operating in southern Alberta.

The Service acquired a state-of-the-art Firearms Training Simulator that offers more than 600 true-to-life, judgment-based use of force scenarios as well as the ability for officers to train and practice with imitation pepper spray, batons and Tasers. A dedicated LRPS Canadian Police Knowledge Network (CPKN) Portal was also created to provide new training opportunities, including enhanced supervisory and leadership courses for frontline members and greater options for hybrid courses that combine online and classroom training.

Other successes including hiring 10 recruits and 17 VSU advocates, accreditation by the province and laying the groundwork for the Service's role in a major construction project slated to add a 3,500 square meter addition to police headquarters in the coming years.

In 2012 we continued to strengthen and build new relationships with community partners and worked with a variety of stakeholders on ways to address social problems and other issues that continue to impact community safety. We appreciate the efforts of all of our community partners and thank them for their ongoing support.

In closing, I would like to take this opportunity to also thank each of our members for their productivity in 2012 and as we move forward encourage everyone to continue to demonstrate our values of respect, honesty, integrity, commitment and excellence in all that you do.

Chief Tom McKenzie

Lethbridge Regional Police Service History

The Lethbridge Regional Police Service was established in 1902 and Thomas Lewis was appointed Chief Constable. At that time, a total of two officers served an estimated population of 2000 people.

In 2002 the Lethbridge Police Service celebrated 100 years of policing the City of Lethbridge. In 2004 the Lethbridge Police Service became the Lethbridge Regional Police Service following regionalization with the Town of Coaldale.

Facts about the Lethbridge Regional Police Service

Regional Policing Population ..... Excess of 96,567

Lethbridge Regional Police Service
- 173 sworn members
- 50 non-sworn members
- 60 volunteers

Police to Population Ratio 1:558

Operational Budget $27,825,669

Dispatched Calls for Service 31,048

Total 911 Calls to Public Safety Communications Centre 46,230

Total Police Actions Taken 52,347

Our Mission

Providing Safe Communities

Our Vision

Citizens living in a safe community provided through:
- **Community Participation**
- **Partnerships, and**
- **Excellence in Service Delivery**

Our Values

All members of the Lethbridge Regional Police Service share in and demonstrate the following values:
- **Respect**
- **Honesty**
- **Integrity**
- **Excellence, and**
- **Commitment**

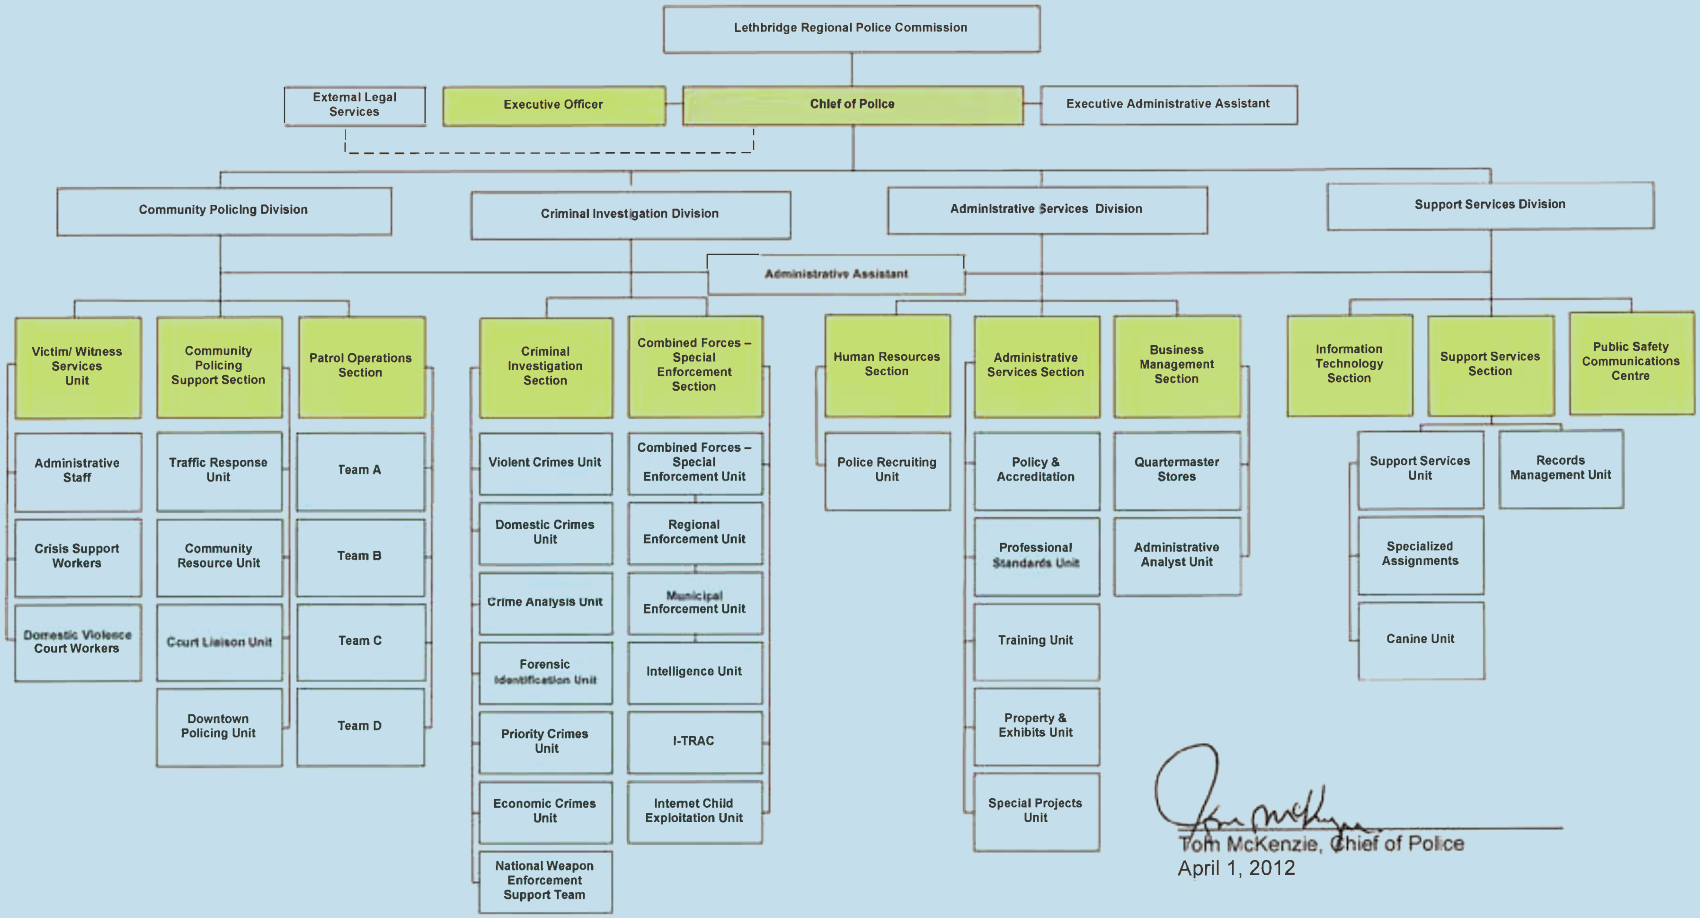
Lethbridge Regional Police Commission 2012

Chair	Doug McLaughlin		
Vice-Chair	Alex Hann	Member	Lee Cutforth
Member	Adam Zanoni (Coaldale)	Councillor	Sherrie Duda (Coaldale)
Member	Alexander McKay	Alderman	Liz Iwaskiw
Member	Marion Wiebe	Alderman	Tom Wickersham

Executive Summary

The Lethbridge Regional Police Service is committed to providing safe communities through partnerships, community participation and excellence in service delivery. We serve the citizens of Lethbridge and Coaldale with respect, honesty, integrity, excellence and commitment. Guided by the four pillars of policing – public safety, public trust, public confidence and professionalism – we will continue to develop strategies to reduce crime and disorder and ensure citizens feel safe within their neighbourhoods.

Lethbridge Regional Police Service



Tom McKenzie, Chief of Police
April 1, 2012

LRPS Division Highlights

Community Policing Division
Inspector Bill Kaye

In 2012 the Community Policing Division enhanced capacity in order to improve frontline policing services and address quality of life issues. The division also worked with Accident Support Services International to implement the first dedicated Collision Reporting Centre in Alberta.

Following a review within the Community Resources Unit, a new position was developed to address community concerns around quality of life issues, such as neighbour disputes, noise complaints and other types of disorder that disrupt the lives our of citizens. The goal of the program is to deal with the root causes of these complaints so timely solutions can be implemented and future or recurrent incidents, prevented.

In addition, changes in 2012 to deployment including the creation of multiple start times, enabled the Community Policing Division to provide an enhanced level of service by ensuring that a sufficient complement of police officers are on the streets of Lethbridge and Coaldale at all times. A support shift was also created to manage higher call volumes during certain times and days of the week.

Finally, the Collision Reporting Centre opened its doors in the fall of 2012 and is the first of its kind in Alberta. The CRC meets all provincial reporting requirements set out by Alberta Transportation and provides an innovative solution that has enhanced the level of service to the public and insurance companies while freeing up officer time and re-directing focus to other policing initiatives.

In 2012 frontline officers responded to more than 31,000 calls for service and more than 2,700 prisoners were housed at the police station. Volunteer members of the Victim Services Unit also provided assistance in more than 13,000 cases.

"providing safe communities"

LRPS Division Highlights

Criminal Investigation Division
Inspector Colin Catonio

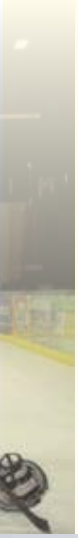
In 2012 the efforts of members of the Criminal Investigation Division (CID) once again resulted in crime solve rates that were among the highest in the country. Crimes of violence, including two murders, were concluded with criminal charges, the activities of organized crime groups were disrupted and dismantled and projects targeting drug traffickers saw the seizure of cash and other proceeds of crime as well as the removal of significant quantities of illicit drugs from our streets.

Crimes of violence showed a marginal increase in 2012, but otherwise violent crime rates remained relatively stable consistent with the five year trend experienced across the country. A five-year declining trend in property crimes was also reversed with noticeable increases in 2012.

Investigations by the Economic Crimes Unit resulted in the apprehension of multiple individuals associated to crime groups from Eastern Canada who came to Lethbridge with the specific purpose of victimizing banks and account holders through fraud and identity theft schemes.

In the second quarter of 2012, CID was restructured to accommodate the integration of LRPS and RCMP members to form the Alberta Law Enforcement Response Team (ALERT) Combined Forces Special Enforcement Unit (CFSEU). This regional team focuses on serious and organized crime, including drug trafficking networks that operate across jurisdictional lines. CFSEU demonstrated success in interrupting the supply of drugs within Lethbridge and southern Alberta and disrupted crime groups operating in our region.

In late 2012 a Forensic Computer Examiner position was created in response to emerging trends around digital technology and its rapidly increasing role in crime. One member was selected to fulfill this role and training was secured for early 2013.



LRPS Division Highlights

Support Services Division
Inspector Jeff Cove

In 2012 the Support Services Division continued to manage a number of projects to increase efficiency within the Police Service, and in turn enhance the service we provide to our communities.

The IT Section was moved to a larger space in the police building to provide staff with sufficient room to accommodate the management of the existing IT fleet which consists of more than 190 work stations and laptops, 40 servers and more than 80 printers, as well as the 750 installs of 70 different software applications that are utilized. IT also managed the implementation of Outlook Web Access to keep staff connected to the organization and completed the technical requirements for remote access for our provincial ALERT members. In addition, IT members assisted with the installation of Crime Mapping software which will provide a better picture of the crimes occurring in our communities and staff helped ensure the necessary technical requirements were in place during the opening of the Collision Reporting Centre.

Within the Support Services Section, the biggest change in 2012 was the implementation of a pilot project dealing with the entry of police actions into the records management system. This pilot is being reviewed and is expected to reduce the time frontline officers spend entering data thus enabling them to spend more time on the street addressing community crime and traffic safety issues. In the Records Management Unit, staff members handled more than 50,000 files generated from more than 30,000 calls for police service in the past year and have been a big part of the success of the pilot project.

Our support services including the Tactical Team, Canine Unit, Incident Commanders, Crisis Negotiators, Search Managers, Explosive Disposal Unit and CBRN response all participated in required training independently and collectively to ensure we are prepared to support our frontline police officers manage any high-risk situation that may arise.

In the Public Safety Communications Centre, there were nearly 60,000 calls handled on behalf of the Police Service in 2012 out of more than 90,000 total police, fire and ambulance calls.

LRPS Division Highlights

Administrative Services Division
Inspector Tom Ascroft

During 2012 the Administrative Services Division directed much of its attention on new ways of delivering training, enhancing human resources processes and began preparations for major projects slated for 2013 and beyond.

The Firearms Simulator was delivered to the Service in August and instructor training began shortly afterwards, followed by firearms training for the entire Service. Going forward, the simulator will be used for orientation for new shooters, decision based "shoot or don't shoot" scenario training and recertification for Oleoresin Capsicum (pepper spray) and Taser users.

There was delivery of hybrid First Aid, leadership and supervisory training via the Service's new CPKN portal. Additionally, the supervisory training developed in 2011 was extended to include Acting Sergeants. The Training Unit will continue to explore opportunities to deliver training using innovative methods that reduce costs and save time.

In 2012, the Human Resources Unit piloted new career development forms, continued work to enhance our succession planning and took steps to ensure all staff received feedback and an annual performance review from their supervisor.

To meet the challenges of increasing workload and increasingly time-consuming and complex investigations, a second investigator was added to the Professional Standards Unit. A total of 10 sworn-members were also recruited and trained at the Centre for Advancement in Community Justice at Lethbridge College.

Finally, 2012 saw the framework for a revision of the policy manual completed and the start of planning for a $28 million, 3,500m² addition to the headquarters building. Both of these projects will continue on into 2013.

Lethbridge Regional Police Service Awards and Recognition

Citizen Awards

Chief of Police Certificate of Recognition

- Two citizens demonstrated exemplary service by witnessing a criminal act, intervening to prevent harm to another citizen and assisting police in the apprehension of the subject.
- A citizen demonstrated exemplary service by witnessing a criminal act and assisting police in the apprehension of the subject.

Chief of Police Letter of Recognition

- Following a vehicle collision a citizen concerned with traffic safety graciously assisted police in directing traffic following a collision at a west Lethbridge intersection.

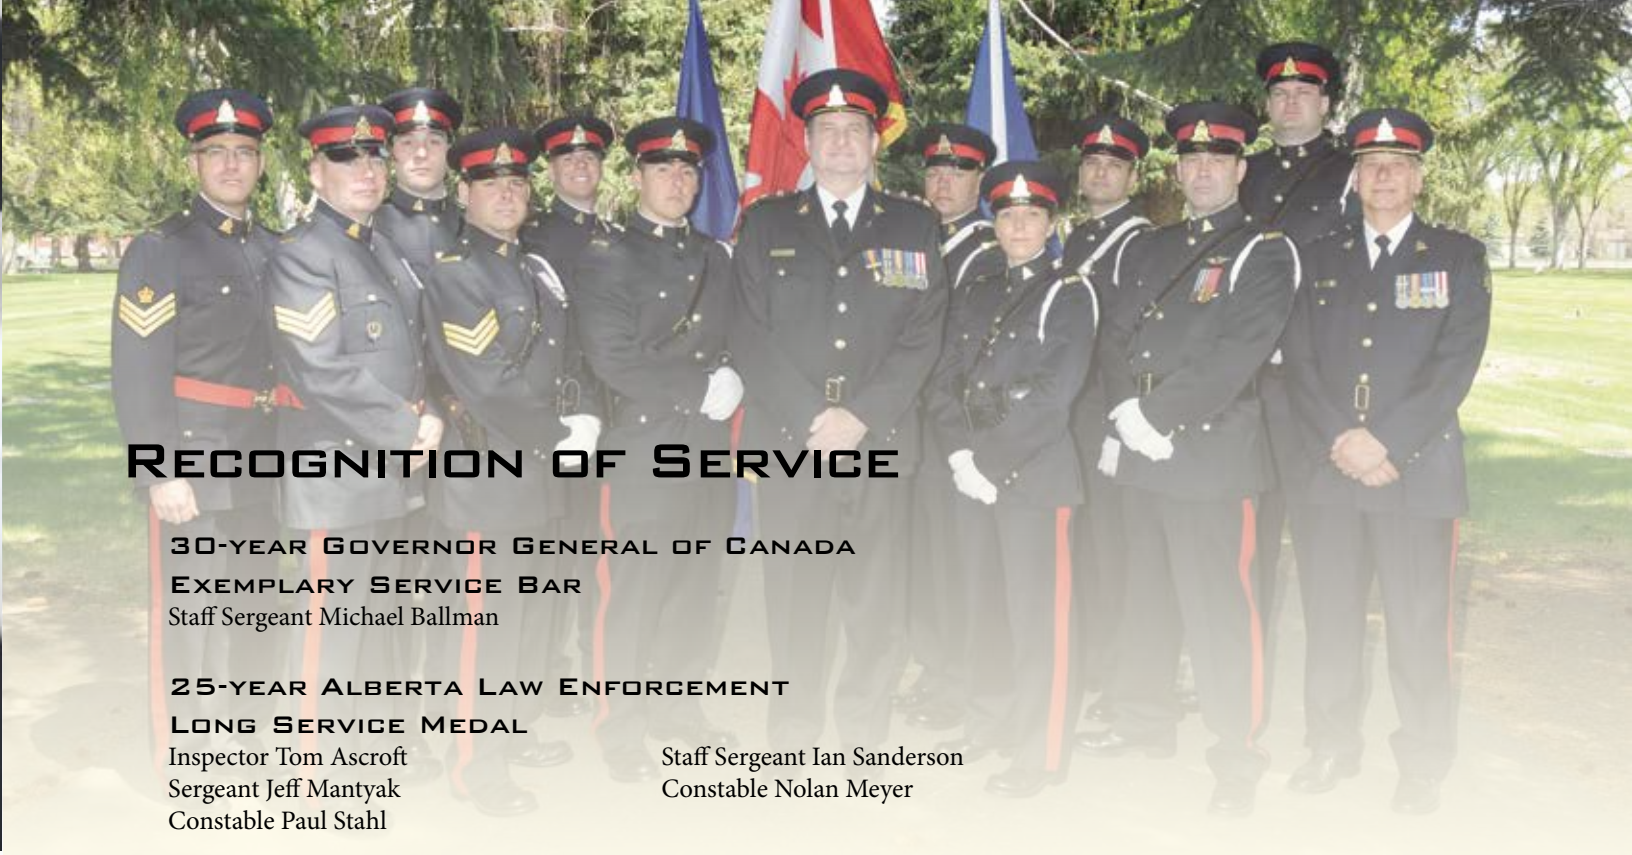
Police Service Awards

Inspector's Compliment

- Staff Sergeant Wes Houston commended for his tireless pursuit and determination ensuring the Lethbridge Regional Combined Forces Special Enforcement Unit (CFSEU) got off to a successful start.

Divisional Recognition

- Sergeant Tony Andrews recognized for his excellence when providing expert opinion evidence to the courts.
- Constable Michael Fielding commended for his compassion, bravery, and professionalism when responding to a large structural fire. Constable Fielding entered and searched a smoke filled residence searching for any persons who may have been in the residence.
- Constable Derek Williamson commended for his compassion, professionalism, and negotiation skills that prevented an individual from harming himself and resulted in a safe resolution.



Recognition of Service

30-year Governor General of Canada Exemplary Service Bar

2012 Statistical Report

Statistical Report - Methodology

This statistical information is derived from computerized data obtained from the Lethbridge Regional Police Service report in NICHE, entitled Occurrence Stats –All Violations. An incident may be comprised of one or more offences or violations of the law, or non- offence occurrences and therefore all of these are included in our totals. The data was extracted on March 4, 2013 and is subject to variation from previously published statistical reports due to the nature of offences being reported and cleared. Data is calculated on a calendar year basis consisting of data from January 1 through December 31. This data is further confirmed through review by the investigational units.

OFFENCES are counted based on the reported date. CLEARANCES are counted in the month the offence is either CLEARED BY CHARGE or CLEARED OTHERWISE. An offence is CLEARED BY CHARGE when at least one offender has been identified and charged in connection with that offence. An offence is CLEARED OTHERWISE when at least one offender has been identified and there is sufficient evidence to lay a charge but no charge is laid for one of the following reasons:

a) the offender dies or is committed to a Mental Institution,
b) the complainant or an essential witness dies,
c) the offender is less than 12 years old,
d) the offender has diplomatic immunity or there is government policy preventing prosecution,
e) the offender is not in Canada and cannot be returned,
f) the offender has been charged or is serving a sentence for another incident and it is decided not to proceed with a charge for this particular offence,
g) the complainant does not wish prosecution against the offender,
h) the police decide to warn the offender or recommend the offender for the Alternative Measures Program instead of laying a charge.

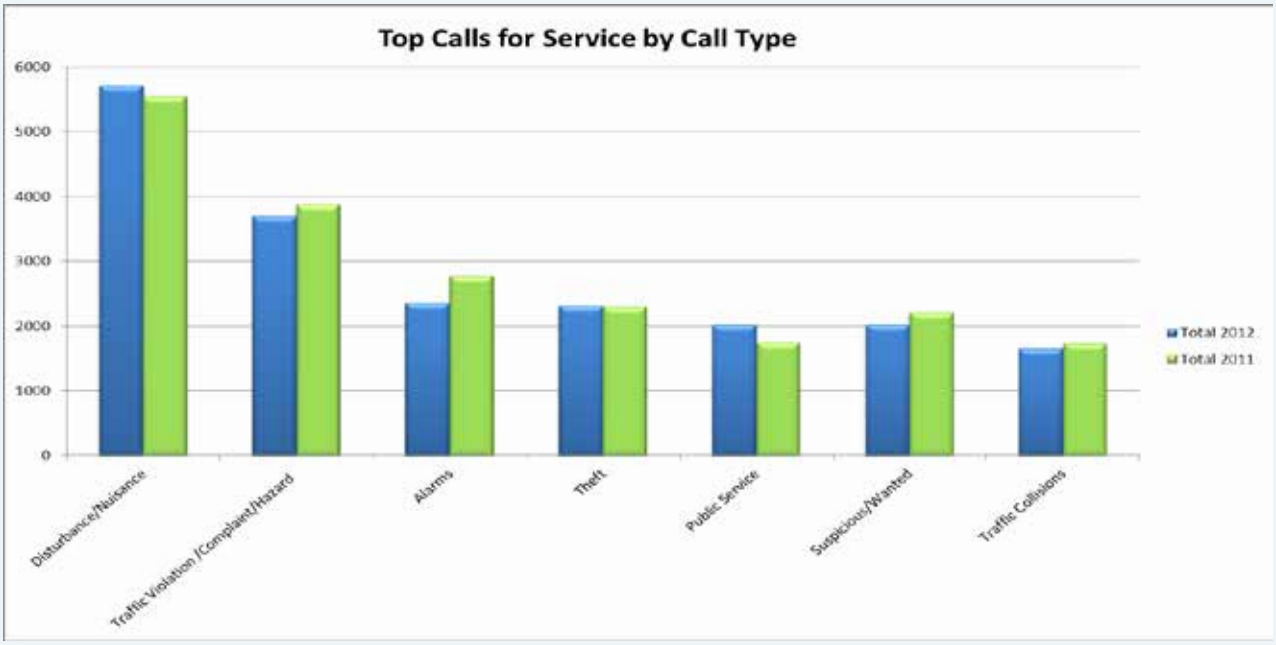
An offence is UNFOUNDED when the investigation has determined that the complaint is without merit.

The CLEARANCE RATE is calculated by dividing the actual offences by the total offences cleared (offences cleared by charge plus offences cleared by other). Clearances also include offences reported in previous years and cleared in the current year; therefore for some offence types the clearance rate may exceed 100%.

The PERCENT CHANGE for incidents reported is calculated by subtracting the number of incidents for the preceding year from the number of incidents for the current year, dividing by the number of incidents for the preceding year then converting to a percent by multiplying by 100.

For example, if there were 563 assaults in 2008 and 516 assaults in 2009, then the percent change is calculated as follows: (516-563)/563 x 100 = -8.3%. When the percent change is displayed as "-", it simply means statistically the mathematical equation cannot be carried out as it is trying to divide by 0.

TRAFFIC OFFENCES are counted based on the reported date. Generally, a traffic offence relates to a charge laid for a specific violation. Abandoned vehicles and Hit and Run collisions are exceptions. They are reported and cleared in the same manner as non- traffic offences.



The top five calls for service Event Types are reported on a monthly basis. Due to slight variation from month-to-month, a total of seven Call Types were included in the top 5 monthly calls throughout 2012; all are included for comparison in the graph above.

Call Type	Total 2012	Total 2011

Although the number of reported Misc. Person crimes increased in 2012, so did the clearance rates pertaining to these occurrences. The high clearance rate indicates successful investigation and follow-up in this area.

	INCIDENTS REPORTED				CHARGES RESULTING			
Domestic Violence	**2011**	**2012**	**Change**	**%Change**	**2011**	**2012**	**Change**	**%Change**
Domestic Violence	938	1024	86	**9.2%**	696	655	-41	**-5.9%**
Family Disputes	1025	1030	5	**0.5%**	150	100	-50	**-33.3%**
Emergency Protection Order	4	11	7	**175.0%**	0	3	3	**300.0%**

The number of Domestic Violence incidents reported increased by 9.2% in 2012 when compared to 2011. The number of Family Disputes reported in 2012 is consistent with those reported in 2011. Clearance rates are not shown as there is no actual charge for the domestic violence category (i.e. the charge would be assault and not domestic violence).

Graphic Summation of Crimes Against Persons

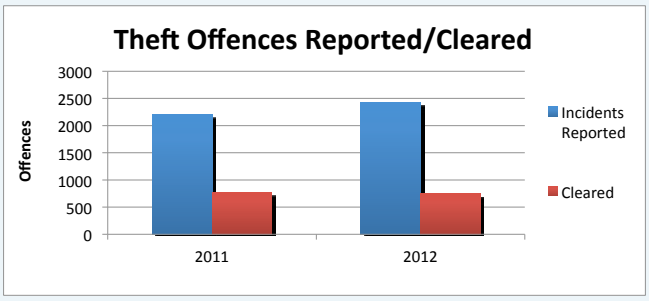
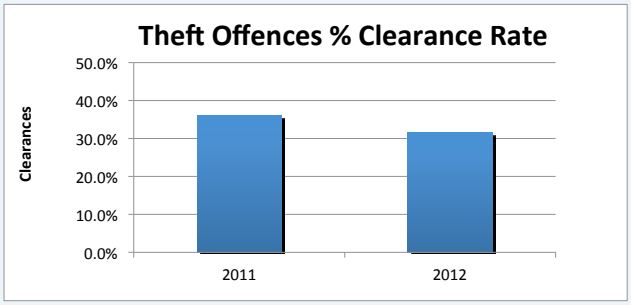
Possess Stolen Property	114	132	18	15.8%	103	120	17	6	5	-1	4	4	**99.1%**	**97.7%**
Possession of property obtained by crime	36	47	11	30.6%	36	45	9	0	1	1	0	0	**100.0%**	**97.9%**





Thefts are divided into categories of general theft, theft from vehicle and theft by shoplifting. Each category is then divided further into offences where the value of the property stolen either exceeded $5000, or was under $5000. The total number of thefts does not include the number of auto thefts reported. The number of theft offences increased in 2012 mainly due to the increased theft from auto under.

Motor vehicle thefts in Lethbridge are not generally part of any organized crime operations. As the majority of stolen vehicles are recovered in Lethbridge, it would appear that the predominate motive for motor vehicle theft is for transportation. The proportion of vehicles recovered in Lethbridge has been approximately 70% for the past three years.
